

Longevity / Fasting 2026

1 Day Water Fast

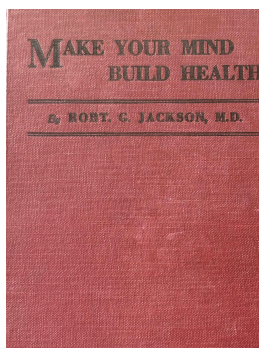

By 1920 all of medical understood the act of eating destroys enormous numbers of red blood cells and as the cells die, they release “energy” and people literally become addicted to the death of their blood. The Dr. Howard Hay, MD (**Health Via Food**) orange juice fast- Cure-All results in 5x more red blood cells by day 14 and all medical agreed, that is the cure! Dr. Hay cured 63,000 patients at his sunrise clinic using orange juice and 14 days diet education.

Health Via Food – The 1st Great MD Health Book!

30 years ago I mastered The Dr. Hay Way the 1st time by doing 40 days of Orange Juice / Colon Herbs and lost 52# and by Day 21 I grew a new heart via Dr. Jackson History and by day 30 they say we grow a new Liver and by Day 40 I had all new skin. Every January 1st for 14-21 days I orange juice fast- the idea of starting each New Year with a new heart is a great investment in your health.

His friend, Dr. Jackson, MD in Canada was near death; most all his family died from enlarged heart from lifetime of booze and cigars- he was the 1st human to do the Dr. Hay Way O/J for 21 days and Jackson took x-rays and proclaimed he had a new heart- not a repaired heart. He went on to becoming a world-renowned superman, athlete that wrote the best health books in history! By 1928 he mastered the God Cure.

Dr Jackson's 1928 Book was his “Best” and all his books are still the “Best” ever printed! The 1928 Book explains how he grew a new body very simply in 11 months. All his books color “coded”.

Dr. Jackson “proved” to the world a near, same as dead man, could quickly recover by eating very little and he became incredibly “Strong”! Other men in history have been bedridden, near death in their 70’s and using “breathing” only, restored their body, grew new teeth, hair and lived long past age 100 with nothing but corrective breathing (The Body Electric).

Water Fasting? You want to contact: Aloha, Dr. Robert Cassar, Earther Academy

Hakalau, Hawaii. **Dr. Cassar** is The best “**Water Fasting**” Expert in North America! He has made hundreds of utube videos and teaching on the Internet for many years! You literally can rent his mansion in Hawaii and learn “expert” water fasting. He is also an expert at weight training! His Hawaii fasting retreat is 1` of those bucket list vacations! Like the late Dr Cass Ingram, he has great interest in Longevity.

1 Day **X20** Water Fasting!

Yes and ideally drank daily for life and learning from the inventor, because he has said he believes people should be living 400+ years old. He is always looking at the longevity subject. His close friend **William Shatner** (star track) they have many well-known people around the world using all the **LifeWave** methods.

The Golden Rule

Sadly the professionals often ignore the herbal world. Dr. John R. Christopher **"Perfected"** the German herb to restore the human colon shortly after World War 1. The most successful herbal powder blend in history! The cure was simple: **9 capsules daily for 9 months** to restore your digestive / elimination organs. Dr. Christopher said if you refuse the **LBB capsules**, then put his books down and do not use herbs. If you ignore the digestive organs, everything else will eventually fail. **Lower Bowel Balance formula** stimulates the muscles and makes them "Strong"! I have seen this formula do miraculous things over the past 30+ years.

My 91 year old mother refused to use herbs and grew up addicted to sugar / corn syrup to this very day! While in Florida 4 years ago, her colon busted open. Luckily she was near the best diverticulitis hospital in America. The Dr. Said he trained the surgeons in America and he believed if she had went to anyone else, she would have died. He cut it out, put a bag on her and she looked like death. He said "if" she lived, she would be the 2cd oldest woman in America to do so and suggested she return to him to have the bag removed. She came back to Ohio, had no doctor, no nurse and took 1 **LBB** daily to keep the colon moving into her bag. She took care of herself- no one changed her bag for her. She returned to Florida and **the surgeon was Amazed!** Today, **age 95 she has taken 4 LBB every day since the bag removed!**

Ask AI and it says at age 91, she would not live past 18 months! Not only is she alive, she drives everywhere by herself! She went from the wheel chair to taking care of her 50-acre farm where she lives alone! She fell and broke 3 ribs fall 2025 and did not go to any doctor and Brenda used **Ice Wave** with Aeon / X-39 for **2 weeks** and her ribs healed and she has been using "All" the **LiveWave** patches ever since that day! She lives on corn syrup candies and white sugar cookies and cakes. Has no dr other than sees a chiropractor several x per year. You would never know she had a chunk of colon removed!

The facts are simple- rotgut ends in death! **The LBB Formula** is the greatest herbal formula in herb history! Only 1 person makes it properly in the past 25+ years! As capsules or bulk powder. Out of all the herbs on earth, **LBB** is 1st! (As a bulk powder the antidote can be added). **Water / Juice and all forms of "Fasting", the Rule is simple: 9 LBB every day!** It makes the Dr. Hay Way 10 X Easier than Med ever dreamed possible and surely 5X Better! Using **LifeWave** makes it more than Med could comprehend!

Death

I have read the books, I have seen a lot of great people come and go! Even the MD's taking antidotes long ago, few to none make it past age 92. Even the great Faith Healers, just never make it past age 92. The greatest cancer books say they all died of **"Advanced" Scurvy** and **Loss of Light** (electric). Russia sine 1950's is way advanced to North America in the frequency / light medicine! Many long ago, they believed they could live 300+ years old by expelling **Green Death (bile)** from their body! I tried their simple method and I expelled 12# of green bile in 10 minutes down the toilet! I am still clueless as to where it came out of, but truly it is not good stuff. I never once seen green bile "Liquid" flush out when doing liver flushes that results in loosing 12+ # of mud out of the neck / breast / lymph glands. I know drs that said when your dying, China is the place to go! It is a fact; China has the great herbs, great natural foods and does not believe in synthetics. Japan the same, but for electronics, swallow able electronic capsule medicine, Russia mastered that long ago via their space program devices for space travel. **You actually can have a strong colon within 30 days the Russian "electronic" Capsule Way!** The man that built the 1st rover sent to mars long ago gave me the

Russian Method and even way back then- they were swallowing electronic capsules that not only cures the organs, they had capsules that had **lights** for **internal light therapy!**

- ✓ That all said: **LifeWave** has the most human friendly and cheapest to buy Light / Frequency Therapy devices and believes in the Moses Biblical Codes that his X20 Water is based upon!

Medical Facts:

1880-1883 twelve Harvard / Oxford professors spent 3 years with the most famous masters in human history that mastered Light! The people made everything from light, including all foods, housing etc. They showed that they could travel at the speed of light. They watched old people lay down and grow a new body in just hours. They learned all earth / space history, they learned who built the pyramids, how they travel back to earth, who aliens are, who big foots are, etc., etc by 1883. They were taught how to defeat an army, not with strength, but with Love. By Love they could defeat all enemies. By 1879 they learned about dead people! They were shocked that an 1850's Oxford Physicist that showed them how to find the people that never die- he also spent a day with them and proved to them that Dead People Lived with him and could do physical work for him! The 12 were "stunned" as they watched a dead person "knit" a large sweater for a professor and knit his name in the sweater! Proof that Oxford pre 1850 understood dead people! In fact, that theory **suggest** there are more dead people on earth than the living!

Fact: My brother (age 75) is extremely well-known by __U Medical! Bill has a 69-year-old world record pig valve that __U test once a year and says the valve is as healthy today as it was when he was age 6. He died while having that valve installed. He was born with a hole in his heart. He can tell you all about dead people at __U hospitals! He played with all the dead children while he was dead--they always ask- why did my mommy and daddy not return for us? Bill turned blue at age 17 and once again at __U where 49 other children were chosen to be experimented upon; due to defective hearts, as they wanted to learn about trying heart bypass surgery! 50 children were chosen, none expected to survive. **Bill died twice**, played with all the dead children, seen the dead adults, etc., etc. Bill while laying in the morgue with his heart in a bag- shocked OSU to say the least---he walked out of __U as they stared in amazement and said; he could not live to get home, he could never pick anything up, never work—he was a literal walking dead man—instead Bill worked hard construction, factory jobs, hunted fished, married / children and lived a normal life---the head of __U Heart is the kid of the dad from Cincinnati that worked on Bill. __U makes it extremely clear, they want Bill's Body when he does die and so far, all that worked on him, are long dead... Bill is proof you're not going to die until it is your time! Bill does not fear death, because he has seen people after they died in hospitals. The Dead People books date back to Oxford 1850! Highly forbidden books in America until recent history thanks to world shipping.

OXFORD: Oxford is the point of this story!

The medical foundation: is an Oxford Study from 1890-1901; when published was called the **Vitalist Study!** Living 11 years with **men that never die a natural death!** Later nicknamed Vitamins! (2 md created the vitamin industry).

- ✓ **Dr. Howard Hay, MD learned The Cure from reading the Oxford Vitalist Study of Men age 250 that were as strong as their 24-year-old sons! Dr Hay became the 1st Alkaline MD in America! I personally collected all the books I could obtain from the Dr Hay / Jackson History!**

Oxford used this picture of men age 250. Stating they were as strong as their 24 year old sons! They explained the women die age 150's due to giving of them selves for too many children. They said these people jump off a mountain after age 250 by tradition. Later books suggested many lived much longer than 250. Oxford proved these people lived on **99% fruit / root vegetables** and 1% meats. They lived in a cold mountain type climate. No need to work or need of \$. **The "Foundation" of real medical is "Organic" Size Usable Minerals!**

Dr. Morton Walker studied these men before he died; using Data Labs; he proved they were 100% **Lead Free** people! He said heavy metal - free had to be the reason they never die a natural death. If you remember my 1990's Data Lab testing, my lead level was 112x more lead than a male my age in 50 countries! You proved to me it was because of **my Lead Root Canals!**

Dr. Hulda Clark

Thanks to knowing Dr. Hulda Clark and learning from her how to use this simple car testing electric meter, I was able to prove that my dental metals were in fact; Killing me! She wrote that **if your metallic teeth test 350+** that is cancer causing due to the huge magnetic / electric field in the jaw that blocks brain signals and forces the immunity to forever attack the heavy metals! **My teeth all tested 750+**. Today that type device can be purchased on amazon.com for about \$20!

✓ **My rotted teeth and basically "All" Ill health is a result of wrong diet and poisons!**

YOU CAN TRACE EVERY DISEASE AND EVERY AILMENT TO A MINERAL DEFICIENCY.

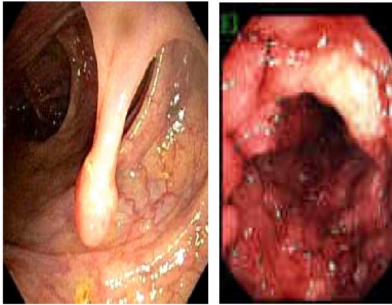

– DR. LINUS PAULING,
TWO-TIME NOBEL PRIZE WINNER

Oxford new The Cure and Dr. Howard Hay, MD proved The Cure with **Orange Juice** and 14 Days **Diet Education** for 63,000 Patients! Including 112 coma patients! By 1950 Med Scientist 100% proved humans were "created" to never eat or drink! Fasting Experts and Breath-Air-lans have always known that! Humans are Compressed Light as is "All" Matter and Med discovered that humans that need no drink or foods:

have 100+ Hormone Producing Glands under their skin that produce all the "Light" foods humans require for functions and the Sun provides all the Minerals & the Air supplies all the water! Most all humans are born "poisoned" with "**Defective**" Glands and starving in the womb and for life! In fact, the more people eat and drink, the sicker they are! **Starved and always out of "Balance"!** By 1950 Med understood it "All", except for the Body Electric!

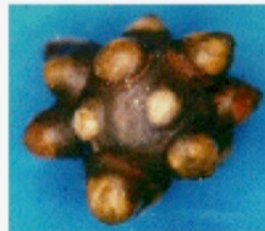

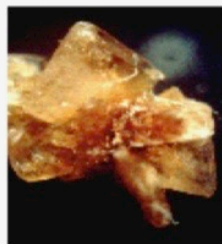

Med proved humans are designed to live on Sun & Air and do so **“IF” their 100+ Glands under their skin are functional!** (That is the truest goal). The human stomach, liver etc. are in Fact, blood cleansing organs **when we are not eating!** **The Dr. Hay Way: Never ever eat breakfast** – avoid breaking your “Fast”, **skip lunch!** If you must, drink whole juices or eat sweet fruits! Eat 1 evening meal and use correct “balance” to **avoid “acidic” stomach!**

FACT: Acid stomach rolls out into the small intestines and **“Burns”** and forces the blood to use calcium / alkalinity to neutralize the acid and that robs the heart!

Wrong diet pushes stomach acid into the small intestines and burns, forcing the blood stream to use calcium to neutralize the acid. Stomach / Gut Rot is 100% diet created! **LBB is a miraculous formula** many call better than Gold. **LBB** enables more years of wrong diet! The stomach was not created to be an “acid pot”. Acid Stomach is from birth through 18 months old and then the stomach should stay alkaline! **Acid Stomach eats humans up!**

Rock Minerals are Death!

I did not clean the steam distiller for 150 gallons of water to demonstrate how much rock is in “clean” wells. Dr. Christopher did 1,500 autopsies and he said well water destroyed every heart. **Kidneys are damaged 1st**. People that look past age 25 are clogged with rock minerals, constipation, Advanced Scurvy! Oxford knew The Cure by 1880's! Dr. Hay / Jackson Books showed the world: The Cure! Med was using steam-distilled water by 1850 in clinics!

Water minerals clog your arteries and veins and cause varicose veins! Accumulate in your heart, kidneys, organs, skin and **#1 cause of death.** It takes 4 hrs. to make 1 gallon of clean water. If you have no electric or otherwise refuse to make clean water, then buy store steam distilled water by the gallon. If you refuse clean water, then you will suffer and age badly; known as Scurvy! **All water above the Lime Table** (Last Ocean) has world pollution, bacteria, all the poisons and deadly! **Wrong minerals Kill! Humans** are Light Beings and Mud / Rock Destroys the human Body Electric! People are Not Sick, we are Poisoned! Humans have many Trillions of Parasites “Feasting” on the sickly body! Low Oxygen enables Lymes to create enzymes that dissolves the tissues!

A Paragraph from a 2,000+-year-old book:

God created the human body as a composition of **4 things contrary the one to the other**, and united them in one final object, which is man--- and this is **earth, air, water, and fire**--- in order that each one might temper its opposite. God made these 4 things a vessel, which is man's body, of flesh, bones, marrow, and skin, with nerves and veins, and with all his inward parts; wherein God placed the soul and the sense, as two hands of this life: giving for lodgment to the sense every part of the body, for it diffused itself there like oil. And to the' gave he for lodgment the heart, where, united with the sense, it should rule the whole life.

God having thus created man, put into him **a light** which is called reason, which was to unite the flesh, the sense, and the soul into a single end--- to work to the service of God!

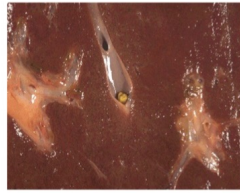

Liver Health

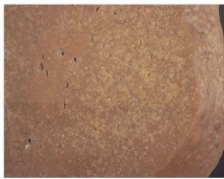

Healthy Liver

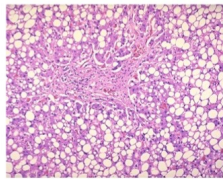

Stone free / good lecithin

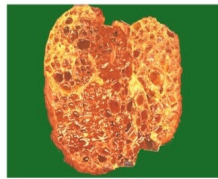

Common liver / gallstone

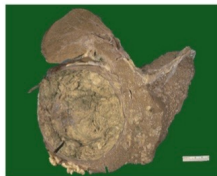

Hepatitis Liver

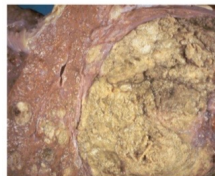

Fatty Liver

Kidney Failure

Alcohol / hepatitis

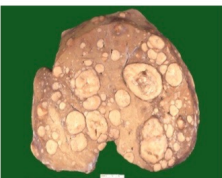

Cancer

Alcoholic

Cirrhosis

Cancer advanced

Extreme ill health

Mammal health is so "Simplistic"! Wrong Diet = Wrong Minerals!

Every human that looks past age 25 is toxic, clogged with undigested (none) foods, rock and trillions of parasites feasting on the waste! As organs clog and fail, other organs take over! **The skin the largest organ, Never Lies!**

1 Spirit / Soul inside 1 body, with Trillions of Parasites! Parasites that are forever having babies and pooping inside the body that feed endless fungus. **FACT:** if your coughing / sneezing mucus- Real Medical calls that **PEEING OUT YOUR LUNGS!** Oxford was correct by 1880's 99% Fruit / Root Vegetables! No need to work, no need to make \$\$, live on correct "Free" Diet! Correct Diet is 100% Anti Scurvy!

A Cancer Dr. said: by 1990's an Alien told them you humans are Light, your Cure will be Light! (Blue Light).

FACTS: by 1950 Med proved **True Human Foods** are; Sweet Yummy Berries, Fruits & Nuts from **Root Bark Trees, Bushes & Vines** that are "All" very Anti Scurvy and Pro Vitamin "C". Just ask any 2 year old! 1st Baby lives on Mother's Blood, then **Phase 2**, Baby lives on Air and Mother's Milk that is Mother's Blood minus the red blood cells and **Phase 3** is by 18 months old, the stomach stops making acids and Baby converts to: God's Free Sweet and Yummy Berries, Fruits & Nuts!

- ✓ **FACT:** 15,000 miles away, those that know told me how to raise **Super Babies!** Babies that are Not Mineral Deficient in the womb and not Mineral Deficient after 1 year of life and by age 1, they are called **Super Babies!** They are fact, 100% correct! **Dr. Linus Pauling was 100% Correct!**

five hours, the coughing was no longer so severe. Then she needed a potty break and passed a large handful of worms. There was no stool with it, just worms. A half hour later she passed another handful of worms half the size of the first. This child overcame the whooping cough and did very well. Oregano oil was the only treatment that was used to cause those parasites to be expelled. Then

Parasites are a Result! The above paragraph from an Amish healer book in 2025 was learned 25 years ago! I gave him his 1st ever bottle of Real Oregano Oil, he told me he did not treat deadly whooping cough; he cured it in 7 hrs! He wrote about it 25 years later! He had no clue The Antidote not only expelled the goat worms, it is the greatest herb for the lungs known. To cure whooping cough that fast, you killed the parasites in the lungs and it was all done **with less than 1 drop** of pure oil. Such an antidote comes from 15,000 miles away and part of raising Super Babies.

- ✓ **Dr. Howard Hay, MD by 1920** understood **Super Babies!** He wrote that mother is starving, her baby is starving and not being developed properly! Baby is born ill and fed ill milk by their mother! Dr. Hay explained that medical understood this human curse dating back to the Garden of Eden history! By 1920 he explained The Cure for All Babies using Orange Juice! It is so simple, so cheap and baby gains more benefit by age 1 year old than anything else that can be done in their entire lifetime! It just takes a small amount of herbal use and help from the bees! **Babies that are Never Sick Ever! Oxford by 1880's Understood it!**

Once Diet / Habits are Abused! Then Parasites and Organ Rot is a forever problem!

Weed & Feed! Is simplistic use of foods and all good herbs are or should be, foods! You never "poison" or use electronics / acids to kill parasites! Dr. Hulda Clark did that and killed her self as she melted as she lost her Red Blood Cells! You empower your blood to do all the work! That is the only way! **Herbs are dead,** they do not build cells or kill parasites, **the blood does it all!**

- ✓ It is so simple! All those rotted Liver Pictures? All easily prevented med understood **Like Dissolves Like** long ago! Clean Kidneys, Clean Liver, Clean Gut, healthy stomach is all simplistic human diet and Super Babies can avoid much of the problems, while old diseased people it is all about poisons and parasites: **Weed & Feed!**

Poisons and Parasites are endless for so many different reasons! By 1900 survival was "avoiding" and by 1948, no one can avoid the poisons in every breath of air. Much of the other poisons can be avoided somewhat! Antidotes date back to Moses and the same antidote used by Moses is the world's greatest all purpose Antidote on earth for all mammals, birds, plants, trees and essential for Super Babies! Used daily starting in the womb and nightly after birth for life and internal daily for life! **Antidotes are part of survival!** Every breath you ever took requires an antidote! With no antidote the day may come that you forget, do not care and by age 40 may have little thyroid health and microscopic parasites waiting until your oxygen drops, so they can literally dissolve your muscles MS / Parkinson's / Dementia / Ringing Ears etc. Normally people age 50+ do not care, that is the power of aluminum / titanium dioxide etc.

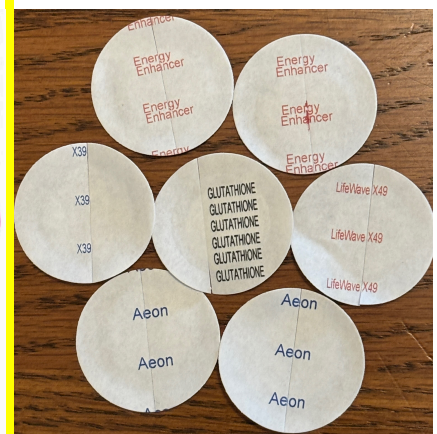

It is this simple! All the Great Scientist / MD and the greatest Faith Healers that watched 100's of thousands of humans world wide- instantly self-healed (the God Cure), even those great men, all died before age 90! Very rarely do they live past age 92, no matter how much wealth they have!

The Body Physical all simplistic! Diet, Habits, Poisons!

The Body Electric males living on 99% fruit / root vegetables Oxford Proved at age 250 they are as healthy as their 24 year old sons! **This Follows the Super Baby** Theory! It is simplistic! A diet that supplies essential organic size / usable minerals!

The Problem: People hate all diet / habit education and most choose death! Every dentist sees this! The majority by age 50 will choose death over the removability of their rotted / toxic teeth and literally die from extreme toxicity and loss of immunity! Most will choose death over diet correction! All a free choice!

LifeWave inventor early on spoke a lot about dental / diet clean up and exercise and I seldom hear that anymore! Why? Saying such things is "bad" for sales! Customers hate it, every MD knows! Patients never want to admit their diets and their habits is why they will die! WHY? Because to admit to such facts, they are admitting they poisoned their children! They would rather die than Obey Nature and Nature NEVER Loses! Parasites are waiting all creatures that defy Nature!

X20 Go! + X39 / X49 My Daily Favorites!

LifeWave is the most people friendly products for **The Body Electric**! If **The Body Physical** is ignored? The guts will rot and parasites feast on the rotting body! No one can help another human, each person makes their own choices and chooses their path to death! False education the greatest enemy always! It can easily take 3+ years to understand **LifeWave** products! They are "**Better**" than the Internet / groups will tell you! Most are parrots repeating what they were told. Like diet and habits, each person uses **LifeWave** their Way! All humans are at a different stage of death! All will have different results! **Dirty Water #1 cause of death!**

My Personal Opinions of LifeWave Products

- 1). **All the patches** cannot be “tested”. No way to know if they are good or bad.
- 2). A Chiropractor mastered the **Ice Wave** with Aeon and showed us that 99% of bad pains can be “stopped” in less than 2 minutes! The most extreme / crippled people; pain free and often crying in 2 minutes—putting **Ice Wave / Aeon** in the “**Miracle**” **Class of drug free products**. Nothing compares! No body understood how to use the patches as well the chiropractor in Texas. **He made us “Believers” fast!**
- 3). My 1st experience with the Patches (IceWave) was the 1 second wonder- Miracle Class Instant Result and after 2.5 years I have never “needed” used Ice Wave again.
- 4) I have never “felt” anything while using X39 and X49 Daily, but they have the long-term promise of reverse aging!
- 5). Glutathione Patch often works “instant” and miracle class.
 - ✓ 6). The 2 patches for Sleep / Pineal Gland are a MUST nightly use and in the Miracle Class and perhaps the “Best”.
- 7). The Energy Patches Work, the only one that gives me Dry Mouth. The inventor uses then daily.
- 8). People have great results using **LifeWave** patches, but 99% on the Internet, ignore their physical health, on drugs, dental disasters, joint replacements and trust drugs / operations far more than their diet and habits and refuse dental disaster correction- insuring eventual failure. Way too many want to use **LifeWave** like a drug, only when they hurt- they 100% fail the use of the products.
- 9). My 1st experiment was giving X39 to an Amish girl that likes muscle testing. The 1st use was strong test result, I asked her to use it for a month and we returned and after 1 month of use, the muscle test remained the same. FACT: All the patches give a + Balance Strength Test Result by just putting a patch on the shirt or near the skin- no direct contact on the skin! **I have never been able to prove a patch “dies”, same, as I can never prove it lives!**
- 10). The Inventor 1x explained each patch a different “Frequency” and a lady in the 1970’s discovered the X39 frequency! I do not believe 90% of the BS spewed on the internet or by mostly FB types doing zoom / utube --- I 100% believe the patches are a form of a low current battery with a “Frequency” and I have no way to know when that frequency dies! We do know that people with broken bones, feel “Better” when a new **IceWave** is installed each 24 hours! They say **they can feel the new patch is stronger than the used patch!**
- 11). The Bad! Some people can only wear a patch for an hr. FACT: if you feel bad, REMOVE the patches and often you feel good for doing so! People have to self-learn based on how sensitive they are. The books explain that people that are “Wired” Backwards may need to use them differently. Left Handed and Right Handed People may have different results- self-experimentation is the only true path!

Conclusion: the **Patches work** and when used correctly they are used daily for Life except for the **IceWave**. They are Addictive in that you do not want to slide backwards! Are they safe? Long term years of use? No one truly knows! They are drug free.....they are just a frequency in my opinion!

X20 Water

I have Tested the water since Day 1 and I have seen, drank the water from the 1st proto types! I have seen “Behind” the Curtain! The Proto Type extremely cheap device. All their testing was with that device! It worked with no Hydrogen! My testing proved there was “some” thing in the final water- the simple testing proves the water vibrates at the Violet frequency and will do so for months in a jar setting outside – but put an herb or anything in that water and **the violet instantly is gone- the vibration leaves**. In fact, **X20 is homeopathic water!** The electric / frequency / Light I believe “Instantly” enters into the mouth or skin and the type of Hydrogen in my opinion should have not been added and my goal is to convert the cartridge / X20 so it is hydrogen free.

1). The X20 must be only used with Steam Distilled Water Only and there should be zero other options! Dirty Water is dirty code, **it makes zero sense to use dirty water!**

2. Our X20 we feel always! Those that drink it feel the water the 1st glass. Some have miraculous results.

3). I cut my hair off to the scalp the 1st day of X20 so I could see the results! I have tested the water every day! I learn from those that I give free water to; their results! IT WORKS, but I believe the Hydrogen should be removed, I know it works with out it.

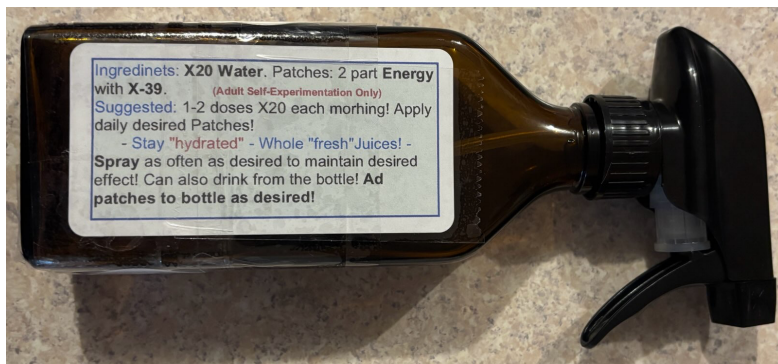

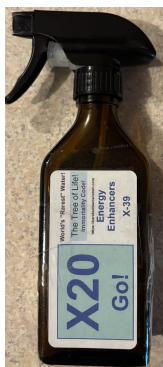

4). Buy the warranty! This X20 failed 1st launch and surely 2026 was too early, but the X20 is designed to be USB updated and the inventor hints he already has 7 years of updates coming! Such as you need a new heart? Just program it, Kidneys? Just program it (After All, the Ford Hospital does something like that already).

5). 2 month old X20 water in a quart jar in the sun for 2 months, appears 100% sterile and still vibrates at the color Violet when I test it. I have said day 1, the color Violet, the fastest vibrating color humans can see- **is the secret of X20**. High Vibration that stays that way for months or until it comes in contact with something. It is in fact 100% homeopathic water! A 14 oz glass is nice, but small amounts work also!

How I consume X20

I wake up and drink 14 oz which is 1 auto dosage from the machine! By doing so, I forget the patches, so I have to remember to apply the X39 and X49 daily! The inventor makes that strong point, they work best together! I use the other patches as desired.

✓ I then fill my X20 Go Squirt Bottles for the **Eyes / Face / Skin** and for Consumption by **mouth!**

Large 8oz X20, Spray often in the mouth daily! **You control, maintain the “effect” you feel Best at!** I use a small Fine Mist Sprayer for my eyes and face! I use a 4 oz Squirt Bottle for Pocket Carry! This 8oz is perfect for Officer / Desk Use!

I believe the Patches are just Frequencies that last as long as that white center (battery) last! I wear these patches in my Hat! I put them on my herb bottles! Pictured is Energy and **X39**, the 1st use of this was Amazing and sure enough, the **Energy Patches** gave me Dry Mouth! **Fact: X20 Water is Homeopathic Water, a little acts like a full glass!** I spray 5 full Squirts in my mouth and swallow often! The **Energy Patches with X39 is AMAZING!** It can cause Zero Harm, if the Patches are doing nothing! I hope the day comes when a testing device is sold so we can test the power left in each patch!

Ingredinetts: X20 Water. Patches: 2 part Energy with X-39. (Adult Self-Experimentation Only)
Suggested: 1-2 doses X20 each morning! Apply daily desired Patches!
 - Stay "hydrated" - Whole "fresh" Juices! -
Spray as often as desired to maintain desired effect! Can also drink from the bottle! **Ad patches to bottle as desired!**

Everyone makes his or her own choices!
 Life is Self-Experimentation!
 Real Medicine has been Frequency Medicine since the 1960s! **LifeWave** is the most human "Friendly" Frequency Use that works that I know of! I have not had a medical doctor since 1985, thanks to reading and self learning / Experimenting from books.

The greatest danger has always been false teachers. The human eyes and ears become the false profits when they watch and listen to their neighbors and follow like sheep. The largest problem is within, the human subconscious brain that lies to all, based on what the "majority" world is brainwashed to believe. The subconscious brain lies to people their entire lifetime! You are what you "believe" more than all else! Phantom Pains, Phantom Fears! The subconscious mind determines our senses and can make 1 ounce feel like 100+ pounds.

The weapon of choice was always poisons. By 1948 the entire world was chosen to be poisoned with aluminum, along with water. By 1965 the goal was death by age 65. 1992 the goal has been no thyroid health by age 40. True evil poisons the entire planet because it has always hated all of creation. Evil rules via fake \$\$ and control of health. **The 1928 Dr. Robt Jackson, MD Book "Make Your Mind Make Health"** not only tells how he grew a new body in 11 months, he explains "how" The "organized" controls "all" with false education to make 51+% of the people believe their "**False**" Education and control the human mind. True Health is controlling your Subconscious Mind, what they knew as **The God Cure! The Human Brain as enormous powers to Self-Protect the Body!**

The Only Wealth is Health!
